The As-built plan has been signed and dated by:
Reece Moody, 04.02.2025

Auckland Council Regulatory Engineering is satisfied upon reasonable grounds that: these works, certified by William Edwin Lewis Moore, have met the requirements of the Engineering Approval.

This Engineering Approval Completion Certificate is granted subject to the following conditions:

- That 24-hour access to public infrastructure on private land be provided to Auckland Council, Watercare and its representatives in accordance with the Local Government Act 2004.
- That a post-construction audit may be carried out of these works.
- That subsequent to this audit, if the works associated with this consent are found to be deficient in any way, remedial works and / or revised documentation may be required.

Signed for and on behalf of Council on this day: < 30/07/2025 >
